THE PURPOSES OF A

Y · PHYSIC.

exhibited a mixture designed for one pill which could be relied upon for its operation. This I believe that demands, and an examining eye, positively shows what Aphthes the purposes designed, physical pill, but not easy to *pills* — one which should have ns, but all the advantages, of has been attempted here, I would respectfully submit to It has been unfortunate for that almost every purgative nus and irritating to the bowels, tary of them produce so much ation in the system as to more the good to be derived from produce no irritation or pain, a previously existing obstruction in the bowels. Being purely an arise from their use in any ether that any medicine should

Minute directions for their use in which they are applied in the box. Among the complaints speedily cured by these, are Costiveness, Dyspepsia, Biliousness, Jaundice, Loss of Appetite, Pain in the Side, Headache, Fever and Ague, Pain in the Side and all diseases that require a prompt and thorough action of the liver. As an aperient they are valuable in Colic, Dysentery, Flatulency, Spasms, Sick Headache, Giddiness, Palpitation of the Heart, Pains in the Side. They should be freely used in all cases to purify the blood and restore the system to a healthy state. As a family medicine they are unrivalled, and by their action on the secretory system, cleanse the whole body and restore the energies of the whole organism. In all cases where a cathartic is required, these pills will be found decidedly superior to any other pill in the market. When these pills are once used, they will be found equal to any other pill, and the public will no longer be induced to employ what is found to be a remarkable remedy. No more

Dr. Langley's Root and Herb BITTERS.

COMPOUND of Sarsaparilla Yellow Dock, Prickly Ash, Dandelion, Boneshoe, Wild Cherry, Mandrake, and Rhubarb. Just the Medicine for Ladies, sure to do their good

SPRING HAS COME

Read, consider reflect and know that after being shut up or confined in cars or workshops all winter the Liver becomes inactive and sluggish, thus filling the Blood with vitiated humors, producing Jaundice, Weakness, Loss of Appetite, Dyspepsia Headache, Costiveness, Indigestion, Foul Stomach, Piles, Languor and General Debility. Now then, if you wish to remove all these together with humors in the Blood and Skin, take Dr Langley's Root and Herb Bitters—at least one or two bottles. They always do good and never hurt. Look each one every man, woman and child, have a bottle at only 25 cents for a pint, 75 cents for a quart bottle.

Now Nature, herself a sure remedy brings, Which cleanses the current of life's springs, From fearful Diseases that bear to the grave? Langley's Root and Herb Bitters invariably save

The vile scrofula a dangerous disease we can name In which the blood and Herb Bitters have not achieved fame,

And no wife of their action they cannot do harm While they strengthen the system and act like a charm

Are you Dyspeptic folks—when the medicine is used No drink alcoholic by it is refused

Nor need the fond mother feel anxious alarm, To the tenderest infant it cannot do harm

Is your *Liver* disordered? is *Jaundice* your fate Then Langley will deal both the malady a blow

Do you suffer from *Headache*—you'll give the relief, *For Piles* 10 of all cures are claimed the chief,

The motto of Buy me and Try me is good, The test of experience has every stood—

And many unto it the truth will append, That the *Root and Herb Bitters* are my own *Friend*.

Is your Appetite gone, then the *Root Bitters* take And you'll shortly relish your food or your steak

The Blood it will purify—redden your cheek And strengthen your frame should ever grow weak,

The Ladies the first to stick to the Roman Nose And use to its influence to the Fair Sex close

No wonder the Bitter mixture Langley is in fashion Brings new Bloom to the lip—new fire to the eye

Sold in Bangor, wholesale and retail, by Ingraham & Fuller, Guild & Harlow and by all Druggists and dealers in Medicine in Bangor. Orono, Oldtown, Stillwater, Hampden, Frankfort, and Bucksport, at 25 cents a pint and 37½ cents for a quart bottle

☞ Wholesale Depot 96 Union-street, Boston. Agents wanted in every town to sell the good medicine. april dawtw

DR. ORDWAY'S HUMOR DISCOVERY,

AND

BLOOD PURIFIER.

DR ORDWAY has been using his Blood Purifier in his practice for the last seven years, with great success He has often been urged by his friends and those who have tried it and know its efficacy, to put it within the reach of all He has now added to it an Herb discovered in California by *Dr Kelley* which makes it the most wonderful remedy for

HUMORS OF ALL KINDS,

INVETERATE CHRONIC DISEASES, &c

The virtues of this Herb were first made known to Dr Kelley by an Indian, while attending a patient suffering that terrible disease the California Erysipelas and Liver Complaint The effect was miraculous curing the man in a few days

The virtues, when bitten by a rattlesnake, or found myself cured to this Herb for a cure

Hundreds are taking this medicine, after trying in vain other remedies, and say the half was never told them

Discovery of the Celebrated Herb

About the first of March in the year 1841 Dr Kelley sailed from Boston in the ship Sweden for California and arrived at San Francisco in the following. He spent considerable time in travelling the country and mining but the greater portion of his time was spent in the practice of his profession

While he was practicing in the vicinity of Auburn between the north and south forks of the American river he frequently noticed the Indians gathering an herb which they held in high esteem in curing diseases bites of rattlesnakes and rabid animals

While doctoring a minor for the terrible disease, the California Erysipelas and Liver Complaint he tried in vain to relieve the patient, and was informed by the Indians that it was a quick death, and that the only hope was in the herb called *Yerba Buena*, which he was told was the only remedy in the world for the *Sandwich* (man) He tried the herb and to his wonderful cleansing the man in a few days

He afterwards tested the Herb in his practice and found it possessed new and remarkable properties for all kinds of Humors, Liver Complaints, Dyspepsia, Rheumatism, Sores Running Ulcers, Mercurial Diseases, Blotches, Boils, Tumors, Pimples, Blackheads, Ringworm, Gum plants, and as a *Purifier and Purver of the Blood.*

The Herb is in such universal use and the medicinal properties of this useful Herb so elaborated by *Dr Kelley*, in his return

Upon trial, its virtues have been found to far exceed the expectation of the most valuable Medical Herb ever discovered.

Hear what follows is Testimony from the Granite State

Dr Ordway Dear Sir Some few months ago I wrote you for a bottle of your Blood Purifier, and found very marked effects produced by it. Its effects were so decidedly beneficial, I feel it my duty to give you the result of my experience with it. Some years ago I had a very severe attack of the Erysipelas, which left me very much debilitated, and my system in a very feeble state. Since that time I have at times been very much troubled with the Erysipelas, and have found your Blood Purifier a most valuable medicine. I would say to those who are afflicted with this disease, that it will be found a most valuable remedy. Yours respectfully, JAMES ANDREWS.

Dr. Ordway—Dear Sir: In answer to your inquiry relating to the effect of the medicine prescribed by you in my case, I do very heartily say that I AM CURED and can conscientiously recommend your Blood Purifier as the most decidedly beneficial medicine that I have taken for years. J. J. ROBERTS.

It is the surest remedy ever offered One widow lady in Lawrence has been troubled with cancer for years—by taking my bottles says she is now quite well

FOR POSTIVENESS

One gentleman says that I was the only medicine which cured him

FOR KIDNEY DIFFICULTIES,

It is spoken of in the highest terms

A young man was sick so much with Asthma he had to leave college three bottles cured him, and he has had no return in his studies

One lady in Salem was partially cured of *Paralysis with Headache* by the use of two bottles

Mr Williams of Lawrence, had humors in his face for years, was cured by the use of the Humor Discovery and Blood Purifier

For Chills and Fever More and Diseases, Taints in the system it stands unrivalled, sometimes where the system is much deranged it will cause disagreeable feelings at first, but continue using as the indications are favorable It is purely vegetable, and its compound and proportions are such that its effect is perfectly safe, sure and safe

More evidence of the wonderful effects of the Humor Discovery and Blood Purifier—Bad Cases of Erysipelas and Liver Complaint cured

Haverhill, Mass, Nov 1st 1853.

Mr. Ordway, Dear Sir—I feel it my duty to let you know how much benefit I have received from your Blood Purifier. I have tried it in the worst form of Erysipelas and Liver Complaint for some time, and was at last taken with dropsy also.

I had heard your medicine spoken of, and made up my mind to give it a trial.

I thought a bottle, and commenced taking it. At first it made me feel quite disagreeable, by causing a sick, nauseating feeling and frequent sharp pains in my side, back and shoulders.

I lessened the quantity from the directions and took for a few days less than a full spoonful a day. I began to feel better and this was the full dose until I took the bottle. I began to feel like a new man.

I have now taken three bottles, and I am about half up—and feel quite well. My side and stomach has not been so well for a long time.

My friends and acquaintances have entirely left me and I feel again like myself. By thanking them for your medicine I remain, respectfully, JAMES ANDREWS.

Dr. Ordway—Dear Sir: In answer to your inquiry relating to the effect of the medicine prescribed by you in my case, I do very heartily say that I AM CURED and can conscientiously recommend your Blood Purifier as the most decidedly beneficial medicine that I have taken for years. J. J. ROBERTS.

Boston Nov 29th 1853

The above is from Rev J J Roberts Surgeon General for many years a resident of Lawrence, Mass.

Y · PHYSIC.

exhibited a mixture designed for one pill which could be relied upon for its operation. This I believe that demands, and an examining eye, positively shows what Aphthes the purposes designed, physical pill, but not easy to *pills* — one which should have ns, but all the advantages, of has been attempted here, I would respectfully submit to It has been unfortunate for that almost every purgative nus and irritating to the bowels, tary of them produce so much ation in the system as to more the good to be derived from produce no irritation or pain, a previously existing obstruction in the bowels. Being purely an arise from their use in any ether that any medicine should

Minute directions for their use in which they are applied in the box. Among the complaints speedily cured by these, are Costiveness, Dyspepsia, Biliousness, Jaundice, Loss of Appetite, Pain in the Side, Headache, Fever and Ague, Pain in the Side and all diseases that require a prompt and thorough action of the liver. As an aperient they are valuable in Colic, Dysentery, Flatulency, Spasms, Sick Headache, Giddiness, Palpitation of the Heart, Pains in the Side. They should be freely used in all cases to purify the blood and restore the system to a healthy state. As a family medicine they are unrivalled, and by their action on the secretory system, cleanse the whole body and restore the energies of the whole organism. In all cases where a cathartic is required, these pills will be found decidedly superior to any other pill in the market. When these pills are once used, they will be found equal to any other pill, and the public will no longer be induced to employ what is found to be a remarkable remedy. No more

FRIDAY, JUNE 9, 1854.

Whig State Convention.

The Whigs of the several cities, towns, and organized plantations in the State of Maine, are requested to send delegates to meet in Convention at PORTLAND, on THURSDAY, the 29th of June next, at 10 o'clock A. M., for the purpose of nominating a Candidate for Governor, and the transaction of such other business as may be proposed.

The basis of representation will be as follows, viz.—Every city, town, and organized plantation, will be entitled to one delegate; every city, town, and organized plantation having 1000 inhabitants, will respectively be entitled to two delegates; those having fifteen hundred inhabitants, to three delegates; those having two thousand inhabitants to four delegates; those having twenty-five hundred inhabitants, to five delegates; and those having more than twenty-five hundred inhabitants an additional delegate for every additional one thousand inhabitants—the census of 1850 to be taken as the basis of representation.

By order of the Whig State Committee.

May 22, 1854.

RECOGNITION OF THE RIGHTS OF NEUTRALS. Some of President Pierce's organs are very anxious to glorify the administration which feeds them.—The present concessions by Great Britain and France, of certain rights or privileges not heretofore enjoyed by neutrals in the carrying trade, have been seized upon, and incontinently set down to the credit of Mr. Pierce—evidently without any inquiry as to the facts in the case. We are told, for instance, that "it is a matter for congratulation that, in view of the struggle between the European powers, our ministers in all parts of the world have taken the bold, broad ground that the right of search, so far as it relates to American vessels, will not be tolerated by this government, and that free ships must make free goods over every sea; and that this is a legitimate offspring of the inaugural of General Pierce, strengthened by the positive instructions given to our Ministers by the President that in all cases the recognition of this doctrine must be insisted on."

Great is General Pierce! He has accomplished (we are led to infer) what neither John Adams, nor Jefferson, nor Madison, were able to accomplish—the adoption of a new principle in the law of nations—that free ships shall make free goods—a principle which the United States have long contended for in vain.

But what are the facts touching these concessions by England and France? They appear to be substantially as follows, according to a well-informed writer, from Paris, whose statements were published in the Tribune a short time since. Before the commencement of the present war, the French and English cabinets had well-grounded apprehensions that Russia would be strengthened by an alliance with Austria and Prussia—and it was deemed important by the French Ministry, to conciliate the United States towards the Western powers. It was accordingly proposed to the British cabinet that England and France should on this occasion acknowledge the neutrality principles for which contended by us—and after a good deal of hesitation, the English government agreed to the proposition. But it was thought necessary to save the dignity of John Bull, that no *quid pro quo* for such recognition, should first be obtained from the United States. The thing was accordingly thus managed. Our Minister at Paris, Mr. Mason, could not be humbugged into the scheme—but Mr. Buchanan, residing near the Court of St. James, appears to have been an easier subject to deal with—for the announcement was shortly after made, by the ministerial papers at London, that, as a magnanimous *concession* to their well-behaved cousins across the Atlantic, certain great privileges had been accorded to neutral nations in the contest just commencing.

Of course, our administration willingly accepts any amount of credit accorded to it for transcendant ability and firmness displayed in these notable negotiations—but if the statements above alluded to are correct, which there is no reason to doubt, (from the fact that the commercial *interests* of England and France in this war would lead them to desire from Russia just such a concession to neutrals as they have themselves made,) it is likely that President Pierce himself will be slow to claim any thing. It is probable he will rest content with the laurels gained in the Nebraska campaign.

Our citizens will remember the Complimentary Concert, to Mrs. Mallett, which will be given at the City Hall, this evening. The best musical talent of the city will be found among the large number of talented vocalists who have volunteered their services on the occasion; and there can be no doubt the entertainment will be of the highest order. The object of the Concert, no less than its character, is such as should draw a full house.

In addition to the attractions heretofore advertised, Clarke's Brass Band will be present and play some of their favorite tunes.

The Boston Common denies totally denies the statements made by other city papers, to the effect that dangerous prisoners were thrown from that office upon the military and police when conveying the slave Burns on board the revenue cutter Morris, Witriol, pepper &c., were thrown from a building in the vicinity, but not from the Commonwealth building nor by any person known to its occupants. This denial is satisfactory, and not unanticipated.—No one could believe any decent man guilty of conduct so base.

AN ENGRAVED VIEW OF BANGOR. Many of our citizens will remember subscribing for copies of a view of Bangor, when one of the members of Smith, Brett, and Co., visited our city in the fall of 1852. We are happy to be informed that this picture will be finished in a few weeks and will be delivered to the subscribers in due time, probably the last of June or early in July. We are informed also that the subject has made a picture of *unusual* interest.

The New York Sun claims to have reliable information from Washington, to the effect that Spain has declared her willingness to sell Cuba to the United States. It may be that the Spanish diplomatists have been cunning enough to throw out a hint of this kind, for the sole purpose of drawing off the administration from any secret countenancing of the filibustering movements.

New Publications.

THE LONDON QUARTERLY for June contains articles as follows: 1. Sterne. 2. Sacred Geography. 3. Lord Holland's Memoirs of the Whig party. 4. The Russian Empire. 5. Criminal Law Digest. 6. Treasures of Art in Great Britain. 7. The Turks and the Greeks. 8. The New Reform Bill. Republished by L. Scott & Co., 79 Fulton street, New York.—Terms $3. For the four Quarterly Reviews and Blackwood $10. For any two Reviews $5, three $7, four $8.

THE MONTHLY LAW REPORTER, for June has been received, and contains its usual amount of valuable legal information. Crosby, Nichols & Co., Boston, are the publishers.

An easterly rain storm continued through the day yesterday, and must have a fine effect upon the growing crops. We think, with the many it now has, that a heavy crop of grass this year, must be considered a fixed fact. The trees are now dressed in their richest living of green, and "leafy June" is in truth with us in all its glorious beauty.

The recent rains will emancipate the large quantity of logs recently hung up on the Mattawamkeag, and probably bring down the main body of the drive.

THE NEW-YORK MONEY MARKET. The Journal of Commerce of the 7th says: "The stringency noticed yesterday continued, and the general tendency of rates of interest was upward, until after the announcement of the California news, when there was more buoyancy of feeling."

The ship of 1470 tons now on the stocks at the yard of Messrs. Charles Cooper & Co., in Brewer, opposite this city, will be ready for launching in about two weeks. Another ship of 900 tons has been commenced by the same firm—and they will lay the keel of a third, of 600 tons, as soon as the large ship is afloat.

Varieties.

The Fruit Trees.—The Boston Journal says the canker worm or some other destructive insect is making sad ravages with the foliage of the apple trees in that vicinity. The trees look as if fire had run over them. The cherry trees are also said to be diseased.

Our Nearest Neighbor.—The nearest fixed star has been recently discovered to be Alpha, in the constellation of the Centaur. The sun is ninety-five millions of miles from the earth, and this star, which we feel a certain degree of affection for because it is our nearest neighbor, is 20,000,000 times the distance of the sun from the earth.

A Large Raft.—The largest raft ever floated down the Mississippi arrived at Alton, Illinois, on the 18th ult. It contained 800,000 feet of lumber, besides 200,000 laths and 200,000 shingles. It was two months from Lake Pepin, requiring 30 men to navigate it.

The Last Lottery Scheme.—A tailoring firm in New York city advertise that they will give to every patron who purchases goods to the amount of three dollars, a sealed envelope, containing a gift of some kind, varying in value from 25 cents to $50, which can be opened immediately after the purchase. Probably the "variations" are not very frequent.

The Springfield Republican says that in an adjoining town there are two parties on the Nebraska question. They are composed of the Postmaster on one side, and everybody else on the other.

The editor of the Lewiston, (Pa.) Aurora says: "If the young gentleman who subscribed for our paper some eighteen months ago, and directed the same to be sent to his lady-love, does not settle for it shortly, he will see his name in print. It's no fault of ours if she did jilt him.

That is a bad religion which makes us hate the religion of other people. That is a bad sect of Christians which encourages its members to think contemptuously of all other sects of Christians.

Money, like beauty, is greatly disparaged and eagerly sought, while poverty is highly praised and carefully avoided. It is like a case which often happens in society—that of enlarging people whom we shun lest associate with, and sneering at others whom we don't care to meet."

THE SENTIMENTS OF NATIONAL WHIGS IN NEBRASKA. The Albany Register was established as an organ of the "National Whigs." It has supported the Compromise of 1850, and labored earnestly in favor of the nomination of Mr. Fillmore or Mr. Webster as the Whig candidate for the Presidency. It has the following in relation to the repeal of the repeal of the Missouri Compromise:

"Let the people of the North remain true to themselves. Their position was one not of their own choosing. Let them unite in favor of free labor and free institutions. Let the North be a unit against the extension of human slavery. Let them use the power they possess to drive back the aggressive spirit of propagandism. If agitation shall come, let it! The great battle between slavery and freedom, must one day be fought, and it may as well begin now, as at any time."

The Concert.

To the Editor of the Whig and Courier:

I have no doubt that our citizens, if fully apprised of the Concert this evening, and on whose account it is given, will fill the City Hall to overflowing. Mrs. Mallett has been many years here, and deserves well of our people for the service she has rendered them in her profession. I believe they will show their appreciation of her merits by turning out in large numbers.—They will then not only have the satisfaction of paying their old friend a merited compliment, but also the pleasure of listening to some excellent music from our best performers.

THE SPANISH QUESTION. The Washington Star of Monday says:

"We are gratified to be able to state, according to authentic information now in Washington, there can be little doubt that our affairs with Spain will soon and all be speedily and satisfactorily adjusted. It seem to be well understood among the foreign ministers here, that the Spanish cabinet have met all the propositions of the American government in a spirit of frankness and cordiality.

"On Saturday last, there arrived in the city privately, a bearer of despatches to the Spanish embassy, just past haste from Madrid. He is said to be a leading man at home.

The New York Observer contains the announcement of the death of Susan Pierson, of Bridgehampton Long Island, who had been confined to her bed by affliction upwards of fifty years, during which time she did not set her foot upon the floor, and in all that time did not sit upright in bed.

Rockland has accepted its city charter by a vote of 328 to 110.

Later Foreign News.

The steamship Niagara arrived at Halifax, on Tuesday at noon, but the wires being cut again in several places, her news could not be telegraphed to the Associated Press in season for publication prior to her arrival in Boston. For this season we obtained no despatches.

A few items went through before the telegraph was disabled. We publish them below, together with such other news of importance as we find subsequently published.

There is no news from the seat of war of a decided character. Silistria was hard pressed by the Russians at last accounts.

Advices from Vienna state that negotiations looking to an adjustment of the present difficulties between Russia and Turkey, have been again opened, and that Austria and Prussia have taken a decided stand against Russia.

A protocol had been signed by the four powers, to maintain the integrity of Turkey.

Austria and Prussia will now demand that Russia evacuate the Turkish territory, and a draft of a note to Russia to that effect has been sent by the Vienna conference to Berlin for approval.

The Russians unable, on account of the blockade, to defend the seaboard of Circassia, had evacuated all their positions from Batoum to Anapa, a distance of 200 leagues. They burnt all their forts.

Spanish advices say that the Black Warrior affair is still unsettled, and that, M. Gallaher's (special messenger to Washington) object is to settle the matter without Soule's intervention.

Large numbers of Fins are leaving Finland and seeking refuge in Sweden, in consequence of the reign of terror in their own country.—Armed bands of soldiery burst into their houses at all hours of the day and night, and compelled them to enter the military service.

MARKETS.

London Money Market. There was increased stringency in the London Money Market. Consols closed at 89¾ a 89⅞.

London Produce Market. Western lard considerably lower. Sales of Kegs at 40 a 51s.

Liverpool Cotton Market. Brown, Shipley & Co., report a decline in cotton during the week of ¼ d, particularly on the middling and lower grades. N. Orleans fair 6¾; middling 5¾d; Upland fair 6¾.

Liverpool Breadstuff Market. Messrs. Dennistown & Co. state that in the early portion of the week the market was tolerably active, but at the close of the week there was less doing, and prices fell off 1s on flour, the quotations being for Western Canal 38s 6d, and Ohio 40s a 42s.

For corn in the early part of the week higher prices were paid, but at the close the advance was lost, though the market was firm at 42s 6d for white and 42s for mixed and yellow.

Liverpool Provision Market. Messrs. Gardner & Co. report beef firm, with a fair demand. Pork very firm, and the probability of advance on fine. Lard declined 3s, sales having been made at 47 a 51s. Rice in fair demand at firm prices.

NEW YORK MARKETS.

Wednesday, June 7.

FLOUR.—18 a 25c lower. Common to straight State 8.87½ a 9.06. Common to good Ohio, $9.31 a 9.75. Southern lower. Mixed to good brands Baltimore, 9.37 a 9.62.

GRAIN. Wheat heavy. White $2.10; Red Missouri $2.12½. Corn—mixed 76 a 78 a wht 84 a 85.

PROVISIONS.—Pork lower; mess 13.37½ a 13.50; prime 12.12 a 12.37. Beef buoyant. Cut mess 10.25 a 10.75; prime 8 a 9; prime mess 23 a 26. Lard lower. Stocks are dull and less buoyant. Money more stringent.

THE PRESIDENT'S PROCLAMATION. President Pierce has issued a proclamation, gently remonstrating with "evil disposed persons" against filibuster expeditions for the invasion of Cuba. A moral proceeding, indeed! This proclamation we must be permitted to say, is a transparent affectation. It comes too late. It professes to condemn on paper, things which its author has practically approved. It is not only in affectation, therefore, but an attempted imposition upon public intelligence. If there be, as we believe there is, as General Pierce says, "a spirit abroad in the country, bad enough and wicked enough, to involve us in a war with Spain, if it but have full play," we unhesitatingly charge that General Pierce and his Cabinet are the very persons that have evoked that spirit, and given it a vitality and a formidableness, that seems at length to have frightened even its masters. The administration, in this whole business, have been playing the part of political Frankensteins. They have raised up a monster, that will not back at their bidding, a monster that threatens to turn upon and destroy its creators. If Mr. Pierce is really anxious to discountenance the plans and projects of the filibusters at home, why did he send a full fledged fili butter to represent us at Madrid? Why was it that John L. O'Sullivan, one of the abettors of the Lopez expedition was sent to represent this country as Minister at Lisbon? If Mr. Pierce be sincere in deprecating a movement, "derogatory to the character of this nation," why was the impently mean proposition of Mr. Senator Slidell, to repeal the neutrality laws declared an administration measure? Yet again, if Mr. Pierce is so solicitous for the suppression of filibusterism, why does he permit his official and recognized organ, the Washington Union, day after day, to put invention to the rack, for arguments, touching the "Africanization of Cuba," and the designs of France and Great Britain," cunningly calculated to excite the fears, rouse up the jealousies and work upon the passions of the people of the slave States, with a view of stimulating hostility to Spain in that quarter? (N. Y. Express.

ARREST OF BAIN, THE MURDERER. Nicholas Bain, the murderer of Mr. and Mrs. Wickham, at their residence in Catchogue, L. I., was captured on Monday morning, in the woods eight miles from the bloody scene. The inhabitants had turned out in a body, and when they found him, they could scarcely be restrained from hanging him on a tree. He had cut his throat with the intention of committing suicide, and was weak from the loss of blood.—He was armed with a loaded pistol and knife but made no resistance. Officer Dowling and Constable Nesbitt are said to have been the means of preventing the excited multitude from hanging him on the spot, and had he not been much exhausted from loss of blood, it is probable their interference would not have saved him.

The colored boy, whose life the murderer labored to take, is getting worse, and but little expectation is entertained of his recovery. The servant girl, Ellen Holland, is said to be in a state of mind bordering on insanity.

THE GADSDEN TREATY. The Washington Union of Sunday says that intelligence has reached that city, from reliable sources in Mexico, to the effect that Santa Anna will accept of the Gadsden treaty as amended. This, if authentic, is an expeditious reply to the amended proposition which did not pass the Senate before about the 6th of May. The new treaty, if its provisions were rightly stated, reduces the amount to be paid to Mexico for the proposed grant of land for a rail road track, and for the release of certain engagements of the treaty of peace, from $20,000,000, the sum originally proposed, to $10,000,000.

In the Philadelphia election, the Whig and Temperance candidates endorsed by the Know Nothings have swept the city. Conrad, elected Mayor by 9000 maj. Hazlehurst, whig, City Solicitor, by 12,000. Henderson, do., Comptroller, 8000. The Temperance and Know Nothing candidate for Commissioner, 14,000.

THE MORMON CONVENTION AT PORTLAND, on the 7th was numerously attended, notwithstanding the rain. We received the proceedings at a late hour last night, and shall publish them in our next. Hon. Anson P. Morrill nominated for Governor by acclamation, and much enthusiasm manifested at the suggestion of Mr. Benton's name for the Presidency. Resolutions passed denouncing the Nebraska iniquity, and in favor of repealing the fugitive law.

AN ELEPHANT AT LARGE. The elephant which got loose from his keepers on Monday on the road from Pawtucket to Fall River, appears to have acted with singular ferocity. Before starting, his keeper made him lift the hindest part of a wagon, loaded with 3600 pounds, and it is supposed that this, although not unusual, might have suggested to him the mode of attack which he adopted afterwards. His first sortie was on the horse and wagon of Mr. Stafford Short, who was on the wagon. The elephant thrust his tusks into the horse and lifted horse, wagon and rider into the air. He mangled the horse terribly and carried him about fifty feet and threw the dead body into a pond. The wagon was broken to pieces, and Mr. Short considerably hurt. The elephant broke one of his enormous tusks in this encounter. He next attacked the horse and wagon of Mr. Thomas W. Peck; the horse was injured and the wagon broken. Mr. Peck was wounded in the hip. We copy the remainder of the account from the Providence Journal.

"The next man in the path was Mr. Pearce, who was riding with his little son in a one-horse wagon. He was coming towards the elephant, and being warned by Mr. Barney, turned around and put his horse to his speed, but the elephant overtook him, and seizing the wagon threw it into the air, dashing it to pieces and breaking the collar bone and arm of Mr. Pearce. The horse disengaged from the wagon, escaped with the fore wheels, and the elephant gave chase for eight miles, but did not catch him. The elephant came back from his unsuccessful pursuit and took up his march again on the main road, where he next encountered Mr. Jabez Eddy, with a horse and wagon. He threw up the whole establishment in the same way as before, smashed the wagon, killed the horse and wounded Mr. Eddy. He threw the horse twenty feet over a fence into the adjoining lot, then broke down the fence, went over and picked up the dead horse and deposited him in the road, where he had first met him.

He killed one other horse and pursued another, who fled to a barn. The elephant followed, but at the door was met by a fierce bull-dog, which bit his trunk and drove him off.

Once on the route, the keeper being ahead of him, saw him plunge over a wall and make for a house. The keeper got into the house first, hurried the frightened people to the upper story, and providing himself with an axe, succeeded in driving off the furious beast.

The elephant finally exhausted his strength and hid himself down in the bushes, about two miles from Slade's Ferry. Here he was secured with chains and carried over the ferry to Fall River. "A part of the time he ran at the rate of a mile in three minutes."

STEAM GUN BOATS IN THE BALTIC. Mr. J. Scott Russell, an English ship builder writes to the London Times, the following account of a class of steam gun boats in the Russian Navy. He says:

"I know as a fact that the navies of certain foreign governments are in possession of steam gun boats of a description and power for which no vessel in our own navy is at all a match.—These vessels have proved themselves in the open sea to be perfectly good sea boats. They go under steam in their best trim 15 statute miles an hour, and in their worst 13 statute miles an hour. Their light draught of water, when fully armed and equipped, is only five feet; and their load draught, with coals for 2000 miles, is less than seven feet. They carry four long 68 pounders and four long 32 pounders. They can fire two of the 8 inch guns parallel in the keel at either end, and they can bring all the four 8 inch guns over to either side for a broad-side. These long 8 inch guns are all mounted on traversing slides, and there is ample room for the stowage of the guns when out of use, and for working them in action.

ONE OF THE BOYS. The greatest borer in the world is the one connected with Robert Napier's engine shop in Glasgow. This machine weighs no less than thirty tons, and stands 25 feet high. The height of the cylinder of the frame is fifteen feet; and the width is no less than fourteen feet. The frame-work of this great boring machine is composed of two upright columns, surmounted by an elegant entablature, below which the wheels, which give power to the boring, are supported on a cross beam of great size and strength. This tool, which can work at all speeds, from one revolution in two and a half minutes to a score revolutions in one minute, is capable of boring a hole in solid iron of ten inches, or a cylinder of ten feet diameter, and can take any feed, from 1-40th to 1-8th of an inch per one revolution of the spindle; and it is capable of boring a hole seven feet and eight inches in length.

INDIAN WARS. If we may credit recent statements from New Mexico and Texas, a general Indian war has commenced. The papers of Western Texas are filled with accounts of murders by the Indians; mules, cattle, and property stolen; Governmen express riders robbed; and the efforts made by the regular authorities to bring the offenders to justice.—The last accounts bring reports of the murder of a company of Mexican rope-dancers, together with six or eight Italian harp-players—12 or 14 in all.

In New Mexico affairs are even worse, if possible. The Indians show no determined a front that the military authorities announce that no peace will be made with them until they have been "chastised to the utmost ability of the Department, and until such can be placed in their promises of future good conduct."

(Boston Journal.

The Rochester Daily American states that on Friday evening, the train from Niagara Falls ran over a child two years old—a little girl—at Medina, killing it instantly. She ran across before the locomotive, just as the train was starting from the station. The engineer reversed the engine and the brakes were put on, but in vain. No blame can be attached to those in charge of the train.

The child's father and several other persons were standing immediately by. The wheels passed over the poor little creature's body, mangling it in a shocking manner.

The New Hampshire Legislature has been organized by the election of democratic officers Francis R. Chase of Conway, Speaker, by three majority. E. A. Hibbard, Plymouth, Clerk.

Indian Doctress & Clairvoyant.

MRS. A. L. NORCROSS,

The best Clairvoyant in the country, from Vassalboro', Me., thankful for past favors, would announce to the citizens of this place and vicinity, that she has been prevailed upon again to visit this place, and has taken Rooms at the BANGOR HOUSE, where she will attend to the Examination and prescription of all Diseases that flesh is heir to. She has always been baffled by her Clairvoyant state, to locate diseases, and give their true symptoms, and to prescribe medicines for their cure.

HEALING 5000 PERSONS

have been astonished by her skill in the last six years, and the greater part are happily cured of diseases of long standing, which her references and reports will show.—Medical men have been baffled by her great success.

☞ One and all, come and test this glorious science.

*Price for Examination and Prescription, $1.00 No spectators allowed to be present during examinations.

Mrs. Norcross now furnishes the Medicines she prescribes, at reasonable prices, if required. June6

EFFECTS OF A THUNDER STORM IN NEWPORT. We have received additional particulars of the effects of the storm in Newport on Monday, the 5th, from correspondents in that town.—The stable of Benjamin Shaw was struck by lightning and in five or ten minutes the whole building was in flames. The stable was connected by a shed with the dwelling house, and it was with the greatest difficulty that the house was saved. The wind blew violently, communicating the flames to a house adjoining occupied by Mr. Tabbetts and owned by Mr. Shaw, wholly consuming it. The stable contained about ten tons of hay, together with harnesses, farming tools, &c. Loss from $1500 to $2000—partially insured in the Mutual Ins. Co.

Mr. Jesse Severance, a neighbor of Mr. Shaw, writes us that the lightning also struck his house, run down the chimney, and forced out the brick back of a fire-place. Mrs. S. was sitting near, and was stunned for a time but not seriously injured.

SPARE ACCIDENT. As the Mattawamkeag stage ran down Oak Street last evening, loaded with passengers, the horses ran away, and as they turned the corner of Exchange St. the carriage was upset with great violence.

Mr. Stephen Burden, of Clinton, was considerably bruised, receiving painful wounds upon his forehead and nose. The other passengers escaped without serious injury. The horses attached to the forward wheels brought up again at an elm tree on Centre St.

ROMANCE OF A COAL FIELD.—The following singular incumstance happened a few years ago in the Parr about thirteen miles from London, where there were several extensive collieries. An elderly widow lady sold to a gentleman some property, consisting of thirty acres of land for $3,000. The old lady thought there must be coals under the land, as there is so much in the neighborhood, but it was the decided opinion of coal inspectors, and others conversant with coal mines, that there were no coals on the property. The seller of the property however, insisted that the coals should be reserved, unless the purchaser would give her £100 for them. This he refused doing, and the coals were accordingly excepted from the purchase, and reserved to her. The old lady died soon after, bequeathing the coal mines among the children of a deceased sister, seven in number who were all in orders, and the residue of her property worth about £1,000, to the children of another sister. The bequest of the coal mines was considered a mere trifling and the discussions of the two families were grea on account of it. The coal degrees crowded for a length of time over their disappointment in not sharing their aunt's property, with her cousin, but at length they contrived to induce some persons who were supposed to possess more money than wit to undertake the expense of boring on the land. The boring continued for some time to the great amusement of persons conversant with collieries; but at last, to their astonishment, the sagacity of the purchaser, and the unbounded delight of the legatees, two veins of the best coal in Lancashire were discovered, extending nearly the whole breadth of the land and which can be easily worked. These veins were immediately purchased by the proprietors of a neighboring colliery for £20,000. On subsequent boring, three lower veins were found, which the same parties purchased for £15,000.

FIRE IN GARDINER. We learn that on Friday night last a fire broke out in a building in Gardiner, occupied by Perkins & Shaw, as an oakum factory, &c., and entirely destroyed the building and machinery. Loss $3000. (Farmer.

THE UNDERSIGNED

Has resumed the practice of his profession, in connection with his brother, George Kent, Esq., at the office over the Eastern Bank, recently occupied by his former partner, Jesse Curtis. EDWARD KENT

Bangor, May 25, 1854. d&w3m

A CARD.

Dr. C. A. JORDAN *Surgeon Dentist*, has the pleasure to announce to the ladies and gentlemen of Bangor and the adjacent towns that he has resumed his profession of DENTISTRY, (after having a vacation during the winter,) at No. 4 Main Street,—office formerly occupied by Dr. Jewett.

Dent. J. is prepared to perform all operations in the line of his profession on the most approved principles.

Bangor, May 25, 1854. d&w3w

A CARD.

The undersigned in taking leave, for the present of his Bangor friends, in his business relations, returns them his sincere thanks for their liberal patronage, and respectfully solicits for the new firm a continuance of their favors. Mr. Hall, with whom the undersigned has been associated for several years, and who has now the purchases in the estable lishment, will now give his personal attention to the business in this city.

ÆOLIANS,

Seraphines & Melodeons!

THESE great Musical Instruments of the age, from the manufactory of Prescott & Brothers, at Concord, N. H. may now be obtained at the Bangor agency, the subscriber having been appointed agents for their sale in this city. The attention of the public is respectfully invited to an examination of the merits of these instruments, which have received the highest musical commendation. The Messrs. Prescott & Brothers stand unrivalled as manufacturers of Musical Instruments, and it is believed that the Æolians, Seraphines Melodeons, and Reed Organs we offer for sale will merit and receive the approbation of the public. I. W. & G. H. GOODHUE,

To the Mayor and Aldermen of the City of Bangor.

WE, the undersigned, respectfully represent that it would be for the public convenience of the City that a Main Drain, or Common Sewer, be made, commencing in Essex street, near the head of Cumberland street, and extending down said Cumberland street to such point as your honors may see fit to order. We pray that the same may be constructed at the earliest convenient moment.

March, 1854

CITY OF BANGOR.

ON the written application of John Sargent Jr., Franklin Whittier et als, citizens of and residing in said Bangor, for a main drain or common sewer, to be made in said city, commencing on Essex street, near the head of Cumberland street, and extending down said Cumberland street to such point as the Mayor and Aldermen may deem necessary, as in said application is set forth;

Ordered—That the Mayor and Aldermen repair to the place designated in said application, to examine the same and determine the necessity of said drain, on THURSDAY, the fifteenth day of June instant, at 7 o'clock P. M.

Ordered—That in case the Mayor and Aldermen, or a majority of the same, who may be present at said meeting, shall judge it expedient that such drain or sewer be made, they will, at the time and place of said meeting, determine upon and allow such sum for damages (if any are claimed and in their opinion should be allowed,) as any claimant may be entitled to, deducting the benefit he may receive—and said Mayor and Aldermen will also, at the time and place aforesaid, estimate and decide what persons or persons, if any, are benefitted and liable to be assessed for a proportional part of the charge of making, maintaining, and repairing such drain or sewer, and the amount of such benefit.

Ordered—That notice to all persons, throughout over whose land said drain or sewer is to be placed, be given by publishing an attested copy of said application, and of this and the foregoing orders thereon, one week in the Bangor Daily Whig and Courier, a newspaper printed in said city—the first publication to be seven days at least before the time of said meeting.

To the Mayor and Aldermen of the City of Bangor.
THE undersigned would respectfully represent that it will be for the public convenience of the city that a Main Drain, or Common Sewer, be made, commencing near the junction of Hammond and Ohio streets, and extending down said Hammond street to the corner formed by said street and West Market Place, and we request that the same may be constructed without unnecessary delay.
HENRY A. WOOD,
D. H. INGALLS,
A. BARRETT.
Bangor, April, 1854

ORDER OF BANGOR.
On the written application of Henry A. Wood, D. H. Ingalls, and others, for a main Drain, or common sewer, commencing near the junction of Hammond and Ohio streets, and extending down said Hammond street to the corner formed by said street and West Market Place, and the request that the same may be constructed without unnecessary delay.
Ordered—That the Mayor and Aldermen repair to the place designated in said application, to examine the same and determine the necessity of said Drain, on Wednesday, the fourteenth day of June instant, at 7 o'clock P. M.
Ordered—That in case the Mayor and Aldermen, or a majority of the same, who may be present at said meeting, shall judge it expedient that such Drain or sewer be made, they will, at the time and place, and meeting determine upon and allow such sum for damages (if any are claimed) and in their opinion should be allowed, as any claimant may be entitled to, deducting the benefit he may receive; and said Mayor and Aldermen will also, at the time, one place aforesaid, estimate and decide what portion or persons, if any, are benefited, and liable to be assessed for a proportional part of the charge of making, maintaining, and repairing such drain or sewer, and the amount of such benefit.
Ordered—That notice to all persons, through or over whose land said drain or sewer is to be placed, be given by publishing an attested copy of said application, and of this and the foregoing orders thereon, one week in the Bangor Daily Whig and Courier, a newspaper printed in said city—the first publication to be seven days at least before the time of said meeting.

FOR THE CURE OF
INCIPIENT CONSUMPTION,
SCROFULA, GENERAL DEBILITY, WHITE SWELLING, RHEUMATISM, DISEASES OF THE LIVER AND SKIN, AND ALL DISEASES ARISING FROM IMPURITIES OF THE BLOOD, AND THE EFFECTS OF A BROKEN CONSTITUTION.
SWAIM'S PANACEA has been for more than thirty years celebrated in this country and in Europe for its extraordinary cures, for the testimonials of which reference is made to the directors and books (which may be had gratis,) accompanying the Panacea.
It has been used in hospitals and private practice, and for half the singular fortune to be recommended by the most celebrated physicians, and other eminent persons, among others by
W. Gibson, M. D., Prof. o Surgery, Pa. University.
Valentine Mott, M. D., Prof. of Surgery, N. Y. Univer.
W. P. Dewees, M. D., Prof. of Mid. Pa. University.
N. Chapman, M. D., Prof. of Physic, Pa. University.
C. Pasch, M. D., President College Physicians, Philad.
Dr. Del Valle, Professor of Medicine, Havana.
Jose Bonrecco de Lara, Pr. f. of Surgery, Lisbon.
C. W. Jeving, late Minister to Spain.
J. Chipman, Member Royal College Surgeons, London.
Sir Thomas Pearson, Major General, Bm. ish Army.
Gilbert Robertson, Helena Zonia, &c., &c.
And, also, the wonderful cures effected by Swaim's Panacea, have for many years made it an invaluable remedy. The Panacea does not contain Mercury in any form, and, being an innocent preparation, it may be given to the most tender infant.
The usual price has been reduced to $1.50 per bottle, (containing three half pints) or three bottles for $4.
BEWARE OF IMPOSITION.
Swaim's Panacea is in round bottles, the bad longitudinally, with the following inscription on the glass:
"SWAIM'S PANACEA—PHILAD."
and having the same Labels Swaim stamped on the sealing wax, and written on the shel covering the cork; and a sp ended engraving for the side of the Bottle, composed of a geometric lie work, comprising nine different dies, which have been herself for use exclusive use of the proprietor, by Draper & Co., bank note engravers, of Philadelphia. In the course so a port at of the time Mr. Swaim, copyright secured.
ALSO, SWAIM'S VERMIFUGE,
A valuable Family Medicine, being a highly approved remedy for all diseases arising from the presence of the different species, such as Worms, Indeed Fever, Dysentery, Fever and Ague, Bleeding Piles, Sick Headache, &c., &c. See the pamphlet, (which may be had gratis,) accompanying the Vermifuge.
Prepared only at SWAIM'S LABORATORY, OLD STAND, Seventh St., below Chestnut, Philadelphia, and sold by all the respectable Druggists in the United States.
CAUTION TO THE PUBLIC.—Persons wishing to obtain the genuine SWAIM'S PANACEA and SWAIM'S VERMIFUGE, should be careful to observe that the name SWAIM is spelled correctly on the bottles and labels, or they may be imposed on by medicines quite destitute of virtue, by a person bearing a somewhat similar name, with calculated to deceive.

Also, Smoked, Dried, and Pickled Fish, in great variety—for sale at the lowest market price.
S. L. Spencer & Co.
Bangor, April 26, 1854

Important Bargains Offered.
LOTS of Land for Rural Dwelling Houses, with large Fruit and Vegetable Gardens, adjoining the city, mostly on the continuation of French St. and Broadway, and a street laid out, 75 feet wide, in the range with Broadway, (as it runs from State Street to the Pass.) This street is laid out about 160 rods through my lands, extending over the west end of Mt. Pleasant. This land is north of and much higher than the Park, having a commanding view of the city and surrounding country.
Also, land for Orcharding and Farming, on the new Stage Road to Oldtown running by Coombs' Mills, situate beyond and near the first considerable elevation, having a view of some part of the city on its western side. This land is considered as good as the farm on which I live, where I have raised over 40 bushels of wheat to the acre, (as may be seen on the books of the P. A. Society,) and oats, hay and potatoes in that proportion. Some income is may be formed thereon by planting Fruit Trees on my old neat the city, by examining my bearing trees and our Fruit Nurseries.
My land East of the Mills has a considerable growth of wood on it, and some timber for frames. We can go there twice a day, it being one of the easiest roads running out of Bangor.
Liberal terms will be given on it, and the size of the lots made to suit purchasers.
N. HARLOW.

LAND OFFICE,
Bangor, May 10, 1854.
SEALED PROPOSALS will be received at this office till the twentieth day of June next for furnishing materials, and constructing the pilings, for the Matawamkeag Bridge.
Persons proposing to build will state the price demanded per cubic yard.
The contractor will be required to remove the old piers and abutments, and to furnish materials and construct necessary bands to sustain the bridge in a proper manner while taking down the old and building the new piers and abutments, and he will also be required to place (in a suitable manner) the bridge upon the new piers and abutments as soon as they shall have been completed.
Separate proposals will also be received for furnishing materials for, and constructing the bank walls, and the abutments for small bridge. This work is to be of a good kind of culvert masonry.
More particular information may be obtained by an examination of the plans, &c., in the Land Office.
GEORGE C. GETCHELL,

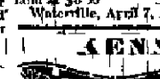
KENNEDY'S



The Greatest of the Age!

MR. KENNEDY, of Roxbury, has discovered in one of our common pastures a wonderful remedy that cures *EVERY KIND OF HUMOR* from the worst Scrofula down to a common Pimple. He has tried it in over eleven hundred cases, and never failed except in two. He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston

Two Bottles are warranted to cure a running scrofula

One to three bottles will cure the worst kind of pimples on the face

Two to three bottles will cure the system of boils.

Two bottles are warranted to cure the worst tetter in the form of a wreath.

Three to five bottles are warranted to cure the worst case of erysipelas

One to two bottles are warranted to drive all humors in the eyes.

Two bottles are warranted to cure running in the ears and blotches in the hair

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two to three bottles are warranted to cure the worst case of ring worm.

Two to three bottles are warranted to cure the most desperate cases of rheumatism

Three to six bottles are warranted to cure salt rheum

Five to eight bottles will cure the very worst case of Scrofula.

A Benefit always experienced from the first bottle, and a perfect cure warranted when the above quantity is taken.

Nothing looks more improbable to those who have never tried it the wonderful influence of the sarsaparilla root, growing upon the pastures, and along old stone walls, to build sure every humor in the system. It is now a fixed fact. If you have a humor it will cure it to stay. There are no famous dates stated in strange cases, but not yours. Go to peddle over a thousand bottles of them in the vicinity of Boston, and know the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts. He gave it to children a year old, to old people of sixty, and all seem pretty looking children, whose flesh was soft and healthy, restored to perfect state of health by two bottles

To those who are subject to sick headache one bottle will always cure. It gives great relief in catarrh and consumption. Some cases have taken it have been cured for years and have been regulated ever since. When the body is sound it works quite easy but when there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed—they always disappear in from four days to a week. There is never a bad result from it. On the contrary, when the disease is gone, you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that ever may I listened to.

No change of diet also necessary. Eat the best you can get, and enough of it.

ROXBURY, Sept. 19, 1853

This is to certify that H H HAY Druggist, Portland, is the duly AUTHORISED GENERAL AGENT for my MEDICAL DISCOVERY for the STATE OF MAINE, and that he is supplied with the GENUINE, direct from my Laboratory

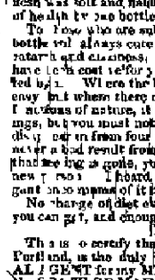
WILSON'S COMPOUND OF

PURE COD LIVER OIL AND LIME.



THIS valuable medicine which has received the attention of the medical faculty by whom it is regularly prescribed, and which has met great success all by thousands of invalids, is one of the most remarkable preparations ever offered to the public for the cure of

CONSUMPTION SCROFULA, COUGHS COLDS, ASTHMA BRONCHITIS, SPITTING OF BLOOD, AND ALL COMPLAINTS OF THE LUNGS.

Pure Cod Liver Oil has long been acknowledged to be the most efficient as article for the cure of Consumption and other diseases, the discovered while the chemical properties of the PHOSPHATE OF LIME are also well known in medicine as being particularly healing In cases where ulceration has taken place on the lungs, this article has been found, by the most careful tests to supply the very ingredients necessary for the formation of cells, and the complete healing of this delicate part of the human system

The preparation of the pure Cod Liver Oil and Lime from the foul of a very nauseating taste which renders it so repulsive, particularly to invalids—The thorough incorporation of the Phosphate of Lime with the Oil is only been accomplished by the adoption of the most perfect rules of chemistry and a medicine has thereby been produced which is of inestimable value in a climate like our own

A long array of certificates might be given here to prove the efficacious character of the medicine but it is not deemed necessary The fact that from the very first introduction of the Cod Liver Oil and Lime before the public, it has been gradually adopted by the medical faculty is sufficient proof of its unquestioned excellence

PATENTS.

American and Foreign Patents

AGENCY FOR BUSINESS WITH E. S. PATENT OFFICE, *WASHINGTON*

No. 76 State Street, opposite Kilby St. BOSTON

IMPORTANT INFORMATION, TO INVENTORS The subscriber (late Agent of the U S Patent Office, under the Act of 1837) determined to prosecute advantages in supplying patents superior to those offered inventors by others has made arrangements whereby no applicant one prepared and conducted by him FIRST DOLLARS (instead of *twenty*, as paid back by others) will be remitted by him in case of failure to obtain a patent and the withdrawal through him within thirty days after the rejection Correct Specifications, Assignments and all other papers and drawings, for procuring patents in his and the foreign countries prepared and advice rendered on legal and scientific matters respecting patents, and infringements of patents.

Inventors can not only here obtain their specifications on the most reasonable terms but can avail themselves of the experience of 20 years practice an extensive library of legal and mechanical works and correct accounts of patents granted in this and other countries, besides being saved a journey to Washington, thus saving delay there, as well as all personal trouble in obtaining their patents Copies of any patent furnished by remitting one dollar Assignments recorded at Washington

R. H. EDDY,

Solicitor of Patents

During the time I occupied the Office of Commissioner of Patents R H Eddy Esq of Boston did business at the Patent Office as Solicitor of Patents. There were few of the persons doing in that capacity who had so much business before the Patent Office; and there were none who conducted it in a more skill fidelity and success I regard Mr Eddy as one of the best informed and most skilful Patent Solicitors in the United States and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy and more capable of procuring for them valuable patents in a form to secure for them as early and favorable consideration at the Patent Office

EDMUND BURKE

Late Commissioner of Patents

PATENT OFFICE,

HON H ELLSWORTH Esq Boston, Mass

Sir—Your favor of the 1st inst received. In reply to your inquiries I have to state that I have no hesitation in recommending persons to you who may wish to obtain Patents. I have found your services in the business connected with this office are equal to those of any other agent I am very respectfully, your obt serv

JAMES FREDERICK FOSTER

MANUFACTURER OF

Rectal and Spiral Trusses,

533 (*opposite 515*) *Washington Street*, 533.

BOSTON, MASS.

All the various approved TRUSSES constantly on hand

☞ Ladies would do well to call upon Mrs Caroline D Foster, who has had twenty years experience in the business

He will keep a full supply of ready-made Trusses for Gentlemen and Ladies, Youths and Infants—Abdominal Supporters of five or six different kinds such as Hills, Chapin's Spiral Corsets, Fitch's Inguits, &c, &c

TESTIMONIALS.

The following certificate from Dr John C Warren, of Boston, was given 17 years ago and has stood ever

Boston, Jan 5 1853

Having had occasion to observe that some persons of the name of Foster, who have suffered much from the use of ill-fitting instruments, have recommended Trusses, to the peculiarities of their cases, I have taken pains to satisfy myself of the competency of the Mr Foster to supply the deficiency occasioned by the death of Mr Foster. After some months of observation of his work, I am well satisfied that Mr Foster is well acquainted with the manufacture of these instruments and ingenious in accommodating to the variety of cases which occur, I feel called upon to recommend him to the profession of Surgery, and to the public as a person well fitted to supply these wants in regard to these important articles

JOHN C WARREN, M D

The undersigned takes great pleasure in recommending to the invisible consideration of those who are so happily afflicted with Hernia Mr James Fred rick Foster, as a skilful and competent person in the manufacture and fitting of Trusses We have employed him (some of us over twenty years) and therefore speak from personal knowledge of his abilities. He early discovered, having experienced in his own person and in the cases of individuals whom he has relieved in a variety of cases, a genius, in our opinion equal, if not superior to any manufacturer of the trade His father Beck. Foster, of Cambridge was master of the Fund-house in that town for upwards of twenty four years during which period he made many improvements in the art and made application of Trusses in a great variety of cases with great success, some of which were of a very aggravated and distressing character

It is well known to all who have reason to wear a Truss that its great excellence consists in its adaptation to the body, so as to do more than relieving the patient. Any ordinary mechanic may make a Truss but none but a skilful practitioner can apply it in such a manner as to effectually and absolutely cure the complaint

Our experience has convinced us that Mr Foster has unusually extended this knowledge. The certificate of Dr J C Warren and other eminent surgeons, which he has shown to us, fully sustain the opinion we have expressed.

GEO W LADD,

MEDICATED INHALATION.

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr CURTIS for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation Dr CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP has accomplished the most wonderful success in Asthma and Consumption is the only of New York and vicinity for a few months past, ever known to more It is producing as unexpected an cure of diseases of the Lungs never before was unused by the medical profession [See certificates in hands of Agents]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid, supply ing the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs, that cannot possibly be reached by any other medicine Here is a case of

ASTHMA CURED.

BROOKLYN N Y Dec 10 1853

For about eight years I have been severely afflicted with the Asthma for the last two years I have suffered beyond all my powers of description no rest at night I have not been able to sleep in a bed, getting what rest I could sitting in my chair My difficulty of breathing and my sufferings were in great at times that in hours together my friends expected each hour would be my last During the past six years I have had the aid and attendance of some of the most skilful physicians, but have received no permanent benefit, and but little relief Last winter I had the good fortune to procure Dr Curtis's Hygeana or Inhaling Vapor and Cherry Syrup At the time I first began to use it, I was suffering under one of my most severe attacks and was in great distress almost suffocating for want of breath In less than ten minutes from the time I applied the Inhaler to my stomach and took a teaspoonful of the Cherry Syrup I was relieved in a great degree from the difficulty of breathing and had a comfortable night I have since continued with the greatest possible benefit, and am now comparatively well God only knows the amount of suffering this medicine has relieved me from My advice to the suffering is—try it

MARGARET EASTON

CONSUMPTION CURED.

New York Dec 27th 1853

I came to New York in the ship Telegraph, my native place is St John, New Brunswick, when I reached this city my health was very poor, had a hard cough raised a good deal of matter, which was frequently mixed with blood, had pain in my left side and was very weak and emaciated My friends and physicians pronounced my case consumption, and beyond the reach of medicine I accidentally heard of Dr Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup and obtained a package which I verily believe was the means of saving my life Soon after wearing the Inhaler I found it relieved the pressure on my lungs and after a while the disease made the appearance upon the surface under the Inhaler I took the Cherry Syrup as directed, and continued to do so my cough gradually grew better, till it finally left me and I now consider myself cured I will wear the Inhaler as the cut put in rather pleasant and believing it to be a healing and purifying balm for the lungs, I feel unwilling at present to dispense with it

MANN'S Unrivalled BLACK INK, sold in any quantity, by WM. MANN

DR. MORSE'S

Invigorating Cordial,

Phenomenon in Medicine.

Health Restored & Life Lightened by

Dr. Morse's Invigorating Elixer, or Cordial.

For centuries Medical science has been ransacking the vegetable and mineral kingdoms, in search of something that should restore the lost or decaying energies of the nervous and unstrung system, without the attendant of subsequent prostration which attends stimulants and narcotics had heretofore prevailed—*This desideratum has been found.* It is a vegetable production, brought from the sterile deserts of Arabia the Stony by the celebrated Professor of Medicine well known as the distinguished member of the leading scientific societies of the Old world and equally high standing as a physician a scholar and a traveller The science of this Land concentrated and combined with other valuable medicinal extracts the most producing results therefrom unknown of in Europe or any other country. All the high properties attributed to the MORSE'S INVIGORATING ELIXER OR CORDIAL are derived from the highest and purest sources of medical knowledge. The public often deceived should not believe this or any other high and pure character, but let the proof of the pudding over all doubts. Incredulity is overwhelmed by a mass of testimony which is perfect in its character.

The ELIXER remedies in all cases where it is used in from a minute or dose a marvellous effect, and it will make up the wonderful machine out of joint to move in full vigor every delicate wheel and spring of human mechanism. The most wonderful effects have been produced in the most hopeless cases of long standing. Feeble nervous frame or deficient in vital power, it becomes indeed the only means to bring back the lost energy which is necessary to the proper enjoyment of all the natural appetites, as well as the higher or mental attributes. Its beneficial effects are not confined to one class or to any age. Indeed so great the power of the Elixer, every individual in whom exists the most vigorous health, and yet suffering from general debility, or feeble nervous system,
